7. Parish Council Grant Applications

Funding information supplied from Downlands School:

Emailed received: 23rd March 2021 with invoices from YMCA.

Hi Lorna,

Thanks for your email, no need to apologise and I thank you for raising our query with the Clerks regarding the financial information that we needed to provide.

I have attached the invoices from the YMCA for the last two academic years. This shows that we have paid just over £11K per year for their counselling services. I was originally told we needed to raise £10K but I will be adjusting our applications to say £11,094.

We need to raise this whole sum, the school are not able to add any funding to this. We don't have any surplus funding. If the question about surplus funding means what we will do with any extra funding we receive, I would suggest that we keep it and put it towards another year of having our counsellor at the school.

I hope this is what you need and will be sufficient for the Community Engagement Meeting on 8th April.

Please can you forward the zoom call information before the 1st April as we will be off school after that for the Easter Break.

Many thanks,
Gail
