Subject: PSPO Consultation areas to address anti-social behaviour

We are looking to consult on a Public Spaces Protection Order to address ongoing Anti-Social Behaviour in some of our parks and open spaces and I thought it helpful to share the details with you before we formally consult. We will also be taking this to Scrutiny next month. We have gathered data over the past 3-4 years (incorporating issues pre and post lockdowns) and, in partnership with Sussex Police have identified the following locations as areas where we wish to consult:

Burgess Hill	Fairfield Road Recreation Ground
	Leylands Park
	St John's Park
	West End Farm
	World's End Recreation Ground
Crawley Down	Bowers Place/Crawley Down Village Green
Cuckfield	Cuckfield Recreation Ground
East Grinstead	Brooklands Park
	East Court (war memorial playing fields)
	King George's Field Recreation Ground
	Mount Noddy Recreation Ground
Hassocks	Adastra Park
Haywards Heath	Barn Cottage Recreation Ground
	Beech Hurst Gardens
	Victoria Park Recreation Ground
Hurstpierpoint	Fairfield Recreation Ground
Lindfield	Lindfield Common

Specific problems that we wish to address include damage to buildings/furniture, environmental damage, anti-social driving, use of drugs and abusive behaviour.

I would welcome your views on this before we formally go out to consultation – would you support this proposal in the area/s in your locality? Are there any areas above within your localities where you do not see ASB as a big problem? Please note, that these locations may not all be adopted as it will be dependent on the results of the consultation – these are just the areas where we wish to consult.

I'm happy to have a discussion should you have any concerns.

Best wishes

Mandy
