Defibrillator Training

There are 6 defibrillators located around Hurstpierpoint and Sayers Common Parish. It has been suggested that further defibrillator training, open to the community, be arranged to increase awareness of, and confidence with, using these.

Daren Kannayya, who regularly checks our defibrillators, has kindly offered to carry out this training, free of charge, and is usually available on Thursdays or Fridays. His qualifications are as follows:

MSc in Health and Social care

Post graduate Certificate in Education (PGCE)

Instructor in all subject areas in Health and social care including complex delivery e.g. First Aid at work, AED, Paediatric, Epilepsy and buccal Midazolam & PEG Feed.

Cost

Daren offers his training free of charge. The cost incurred would therefore be the hire of whichever room is used.

Conference Room affiliated rate Day cost £29.50 evening rate £36.80 (Thursday) or £51.60 (Friday).

Recommendation

Recommendation is to run an initial course in Autumn in the Village Centre Conference room, open to the general public, to gauge the level of interest. Further courses to be considered depending on demand/feedback. Funding from Health and Wellbeing Projects budget code 5650.
