## APPLICATION FOR GRANT

Name of organisation or individual making application:

**WhatsOnHurst.org**

I am applying for funding in order to be able to continue providing this listings website to the community.

WhatsOnHurst.org is a listings site serving the local community. It receives hundreds of visitors per month, and hosts details of hundreds of events across the entire year. The site is an entirely free resource for both event holders and the general public, and has been utilised from small start-ups, to the local vineyard. It has everything from newborn baby meet-up groups, to dementia clubs, pop-up fine dining to yoga and pilates, gymnastics clubs to women's cricket.

The site encourages people to utilise the events that take place right on their doorstep, and helps support small business owners who cannot afford to spend lots of money on advertising and marketing.

The site helps people feel less lonely by encouraging them to explore what's happening in their local community, and helps bind us together as a community by providing info on ways to get together and enjoy our leisure time.

The site does not really benefit me in any way other than making me feel like I am contributing something to my local community. It benefits others by supporting local businesses, and encouraging people to get out and enjoy themselves.

Total cost of the project:

**£479.66 per year**

At the moment I depend entirely on sponsorship in order to fund the site, as I work part-time and cannot afford to subsidise it myself. The site requires a couple of hours of maintenance per week, for which I do not seek any reimbursement of that time.
